

Week 13: Grab Bag!

Data Wrangling and Visualization

Prof. Jack Reilly

Fall 2026

Due This Week

- Final Project Identification
- Practicum 2

Lecture: Grab Bag! Statistics, Functions, and more

[Download slides \(PDF\)](#)

Readings & Reference Material

- Core Reading
 - DV, ch 6
 - FCSP, ch 4
- Reference Materials
 - There are a lot of R companion books that focus on statistics. A few I like:
 - * Verzani, *Using R for Introductory Statistics*. A basic statistics with R text.
 - * Gelman, Hill, and Vehtari, *Regression and Other Stories*. An excellent introduction to regression generally, with applications in R.
 - * Imai, *Quantitative Social Science*. A textbook for a course that is a blend of statistics and R wrangling.

Due Next Week

- Final Project Presentations
- Bonus Problem Set
